OXYGEN FACIAL

£80

Breathe life into your skin with Oxygen therapy, immediate incredible results. Discover why Crystal Clear's Oxygen Therapy is the celebrity secret for younger looking, rejuvenated skin! Colin Firth and Kate Moss are committed fans of Crystal Clear Oxygen Therapy. As we age oxygen levels in the skin cells decrease, resulting in a loss of elasticity and the formation of lines and wrinkles. Oxygen therapy replenishes lost oxygen. Our secret weapon- Oxygen Serum is packed with active ingredients that restructure the skin from the inside out, visibly plumping lines and wrinkles while firming the skin around the eyes, face and neck.

Crystal Clear

ELITE

£110

COMCIT stands for Cryo Oxygen Microchannelling Collagen Induction Therapy. It offers the simultaneous delivery of Cryo Oxygen whilst our unique Microchannelling Roller (like Derma rolling) creates hundreds of microscopic channels in the skin's epidermal/dermal junction, allowing the topical infusion of powerful skin rejuvenation ingredients to be driven into the skin.

Resulting in:

- Instantly smooth, fresh, firmer, plumper and more youthful skin.
- Reduced lines and wrinkles.
- Tauter, more rejuvenated skin.
- Promotion of new Collagen growth.

The active ingredients contain Vitamin C, Hyaluronic acid and PhytoCellTec-based on stem cells of the Argan Tree. It is the very first active ingredient capable of both protecting and vitalising human dermal stem cells. COMCIT ELITE immediately gives skin firmness, tone and radiance.
